

**23rd Annual A.I.C.D. General Membership Meeting**  
**May 18-20, 2008**  
**Hilton Head Marriott Beach & Golf Resort**  
**Hilton Head Island, SC**

In keeping with the AICD mission and vision, our theme **"Master the Market"** emphasizes our desire to provide you with opportunities and ideas that will help you to gain a competitive edge in the compressed air industry. We are currently finalizing plans for 2 full days of educational and informative meetings. The educational program will involve presentations by leaders in our industry, giving you specific information on markets, market trends and products that will relate to or enhance your current business model. The Vendor program will give you the opportunity to interact with over 40 vendors, a good number of which will be new to our organization. Combine these programs with the extensive networking opportunities with other distributors, sharing information on service, sales and other important issues facing our industry and we feel that the meeting will provide you with a truly unique opportunity.

In an effort to streamline our registration process, we have provided all of the meeting information and registration forms on our website. **We will not be mailing out registration packets.** You can access and print registration forms at [www.aicd.org](http://www.aicd.org).
