

ANNUAL MEMBERSHIP INFORMATION

As we enter our 23rd year as an association, we look forward to opportunities for growth and change. In 2007, we had over 200 attendees for the Annual General Meeting in San Antonio. The main topic was The Importance of Diversification to Distribution, plus seminars in Fluid Cooling, Penetrating the Medical Market, application of variable speed drive air compressors, and wireless communication as it pertains to compressed air system audits.

Our purchasing program offers members the opportunity to receive premium discounts from select vendors. Members often express the cost savings they achieve through a single discounted order justifies the cost of annual membership dues. Please remember, only paid members are entitled to the discounts offered through our preferred vendor program. Membership lists are distributed to the vendors following membership renewal and periodically throughout the year.

The A.I.C.D. website offers members real-time information regarding events and programs within A.I.C.D., as well as informing our members of current items of interest to the compressed air industry. Please visit our website at www.aicd.org for more information. Certain areas of the website are password protected and new passwords will be distributed once membership is confirmed.

Our annual dues are \$600.00 for a single branch distributor and \$750.00 for distributorships with more than one branch (regardless of interstate or intrastate location). An invoice is attached for your convenience.

We look forward to your renewal or addition of your company to our membership. Our fiscal year runs from September 1, 2007 through August 31, 2008. Your prompt payment of annual dues will be appreciated and will also enable us to publish a timely list of members in good standing to our vendor partners.

If you have further questions regarding membership, please feel free to contact Cheryl Kiker, Administrator at (409)866-1565 or via email at aicd@aicd.org

MEMBERS ONLY BULLETIN BOARD

We are very pleased to announce the addition of an updated bulletin board which is now available through the AICD website, www.aicd.org. This bulletin board was designed for the purpose of offering a forum for communication within the membership regarding product and industry related topics. Once your membership for the 2008 fiscal year is confirmed you will be given a login ID and password for the AICD website. When you access the bulletin board link, you will be prompted to register to gain access to this page. Once your registration request is received and approved, you will receive an email informing you that you are able to access the bulletin board. A broadcast email will be distributed to all AICD members following the posting of a question or comment on the bulletin board, email replies will be returned to the original sender, and will be available for review on the site. For more information contact Jody McCoy 405-424-4242.
